# BCG WORKSHOP

## BOOST YOUR SKILLS

Your studies provide you with a backpack full of knowledge, experience, and skills. When entering working life, you are well equipped with technical know-how, motivation, and drive – in short: just what we are looking for! However, many EPFL students seem reluctant to apply for a job in consulting as the interviewing process is rather special. We want to break this skepticism and help you make your entry into consulting easier and enjoyable.

This workshop will show you how to prepare for case interviews and enhance your self-presentation skills. It will also give you the opportunity to learn first-hand from BCG consultants what starting your career at BCG means and offers. We will be working in small groups to ensure the highest benefit for all.
