

Unlock your Future Discover Consulting

4 November 2014 (17.00 – 21.00)

Starling Hotel Lausanne, Route Cantonale 31, 1025 Saint-Sulpice

How about working in an international environment? Working with a diverse client list of top companies, across countries and cultures? Achieving your best, while learning from colleagues who are the very best in professional services? You can do it all at Deloitte.

This year Deloitte gives EPFL and Unil students the opportunity to discover Consulting during an evening workshop session where you will solve a real-life case study which will challenge both your analytical skills and creative thinking. You will present your recommendations on the best course of action to a board of senior practitioners.

Aperitif

A stand-dinner will be offered at the end of the session where you will have the chance to ask junior and experienced Deloitte consultants about their daily project work.

Registration

Do not miss this opportunity to discover what Consulting is about.

Apply now on www.deloitte.com/careers (students – career events) by attaching your CV.

The deadline for registration is 27 October 2014. There is only limited space available.
